Register online today or contact us for more information on any of our safety or first aid courses or for group bookings!

COURSE DESCRIPTIONS

H₂S Alive

A required course for anyone working in the petroleum industry. Learn about the properties, exposure limits, health hazards and detection of H₂S gas, as well as response strategies, rescue techniques and how to use respiratory protective equipment.

ENFORM - Valid world wide for 3 years - 8 hrs classroom

Ground Disturbance Level II

Whether you are a backhoe operator, surveyor, environmental engineer or are preparing to build a deck or fence on your own property, this course will give you the tools and knowledge to safely complete the work and avoid a potential pipeline or utility hit.

Global Training Centre - Valid for 3 years - 8 hrs classroom

OSSA Confined Space Entry / Monitor

Offered through CICT. Learn how to identify hazards, how to control and test for potential confined space dangers, proper Personal Protective Equipment needed for entry, and about confined space entry permits.

CICT - Valid for 3 years - 8 hrs classroom

OSSA Fall Protection

Developed by CICT, this program includes a combination of theory and practical components to give you a real hands on approach with many types of equipment that are used for fall protection.

CICT - Valid for 3 years - 8 hrs classroom

Defensive Driving / Professional Driver Improvement Course (GODI Equivalent)

Employers often look for workers who have these two courses if work requires driving company-owned vehicles. Successful completion also removes 3 demerit points from the students' driving record.

Spectrum Safety Services - Valid for 3 years - 8 hrs classroom

WHMIS (2015 GHS)

WHMIS training is required across Canada by anyone who works with or near controlled chemicals (including bleach). Learn about Safety Data Sheets, personal protective equipment, hazard symbols and more.

Danatec - Valid for 3 years - 2-4 hrs self study program

TDG

Anyone who handles, ships or receives, transports or offers a consignment for transport requires dangerous goods training under federal law. Learn how dangerous goods are classified, safe packaging requirements and how to protect yourself from hazards.

Danatec - Valid for 3 years - 2-4 hrs self study program

Emergency First Aid / Standard First Aid

First Aid is the most commonly required training course in the workplace. In addition to CPR, this course offers valuable information and skills to the first aider so that he/she will be effective until EMS arrives. With Apex Training Solutions' innovative program, there's no course like it!

Apex Training Solutions Inc. - Valid for 3 years - 8 or 16 hrs classroom

Fire Extinguisher Training

Using state of the art, environmentally friendly Fire Simulation Equipment - BULLEX ITS Extreme training system. This multi function device enhances the practical experience of the trainee by incorporating various props which, when lit on fire, provide a more realistic fire fighting scenario. The system uses clean burning LP gas and water charged extinguishers.

Spectrum Safety Services - Valid for 3 years - 4 hrs classroom

Other Courses Available:

Industrial Fall Protection, Petroleum Safety Training, Industrial Confined Space Entry / Rescue, FIT Testing, Healthcare Provider CPR
